

LOCATE: Child Care

— a free resource for Maryland's Child Care Community —

LOCATE: Child Care can help you fill your vacancies.

Did you know that thousands of parents contact LOCATE: Child Care every year looking for child care?

Through LOCATE, parents learn about various types of child care programs and guidelines for selecting high-quality care. Parents receive contact information for child care services that meet their needs- with information on hours, location, costs, and other program information.

If you are a licensed child care program or a registered family child care provider, you can take advantage of this free method of advertising by keeping your LOCATE database record current.
